No, its not a problem. i have to double check some stuff in the application first and then I was going to put together a list of questions before the call so we all know what we are talking about. its all fairly technical stuff like why they deleted the requirement for an initial FOT. They just redlined it out with no explanation.

Michele,

I don't want to create extra work for you, but since I will not be available June 2, would it be possible for me to get a brief preview of the issues that we need to discuss/resolve with C6? Thanks. David

Hi DaMonica,

Trying to get a time that will work for next Wed June 2 for a technical call on your permit comments. What time works for your team?

Please advise as soon as possible. At this point George and I are available most of that day.

Thanks, Michele
